

IMOH, SAMSON MOSES

|+234 805 603 1383|samsonimoh17@gmail.com|[LinkedIn](#)

PROFILE.

Results-driven **Full Stack Software Engineer** with **5+ years of hands-on experience** building scalable, secure, and high-performance web applications using **.NET (C#), JavaScript, React, TypeScript, Node.js, and Next.js**. Proven ability to translate business requirements into reliable technical solutions, collaborate cross-functionally. Strong background in agile environments, system optimization, and user-centric product development.

EXPERIENCE.

Full Stack Software Engineer – EKEDC, Ikoyi Lagos.

Feb 2019 – Till Date.

- Designed, developed, and maintained scalable web applications using **React.js, Next.js, C#, and .NET**, improving system performance and maintainability.
- Collaborated closely with product managers, designers, and stakeholders to deliver business-aligned solutions on schedule.
- Led technical discussions and contributed to architectural decisions to improve system scalability and reliability.
- Mentored junior developers, enforced best coding practices, and conducted regular code reviews to improve overall code quality.
- Implemented **automated testing strategies**, reducing regression issues and increasing deployment confidence.
- Worked with UI/UX designers to deliver responsive, accessible, and visually consistent interfaces using **Tailwind CSS**.
- Prepared and maintained **technical documentation**, API references, and user guides for internal and external stakeholders.
- Participated actively in **agile ceremonies** including sprint planning, backlog grooming, and retrospectives.
- Facilitated internal workshops and training sessions on **JavaScript, React, and TypeScript best practices**.
